

## Patient information

# Hearing aid care accessories

If you wish, it is possible to purchase accessories to help with the care of your hearing aid.

Some of the accessories available include:

- **Ear mould puffers:** For drying moisture and condensation from your tubing.

- **Ear mould tube threaders:** To help re-tube your ear mould, if you are able to do this yourself.

- **Wax tools:** To help clear wax and debris from your ear mould and hearing aid.

**Hearing aid tube vent cleaner:** To help clear blocked vents or tubes.

**Drying capsules and sets:** For absorbing moisture and condensation from your hearing aid and ear mould overnight (shown here with an ear mould puffer, hearing aid wipes and cleaning spray, in a hearing aid maintenance kit).

Accessories may be purchased from the following, as well as other, suppliers:
